# Standard Catch Basins

Produced by Mid-Atlantic Drainage, Inc

All sizes can be produced as solid wall structures as well, see SOLID WALL CATCH BASINS on our website for more information.

Factory cored round holes for inlet and outlet culverts are a time saving valued added service available from MAD. Holes are set and cored for alignment with proposed project elevations by our staff or cored to your requirements. Round openings can be field expanded for skewed culvert entry. Holes from 2" to 60" diameter are available. Check with your area sales representative for available sizes. Custom factory cast openings of any shape or size are available to meet special project requirements.
